Several bill entitled 'An Ordinance to declare the comments have been made with reference to these figures and in connection with the statement which I made on 29th November that the balance in hand was 8600,000. It has been inferred that the Government wished to put a good face on the revenue in reference to the Exchange Compensation, and my statement has also been called a rhetorical flourish. I wish to state that I made the statement last Novomber in good faith, and I am quite sure all the members of Council will spres that that was so (applan e). I therefore move the suspension of the standing orders. Mr Lockhart seconded.

Mr Leach—I have to move the first read ing of a bill entitled 'An Ordinance to regulate the issue of Bank Notes.' The object of the Ordinance is to prevent any over. bank from making, issuing or circulating any bank notes without the sanction of one of Her Majosty's principal Secretaries of State. It does not attempt to effect, and indeed, it exempts from its chief provisions the rights of banks to issue under Royal Charter or Colonial Ordinance. The Ordinance, as I have already remarked, is introduced by the express direction of the Secretary of State for the Colonies. The regulation for the issue of paper money by bankers is the undoubted prerogative of the Orown in England, as regulated by the Bank Charter Act of 1834, and although the Colonial regulations point clearly to the out the previous sanction of the Secretary dinance, briefly, provides that heresfter on demand except with the provious sancto affect bank notes payable to bearer on fensive purposes. which are in circulation There is also a provision in the Ordinance enabling the Colonial Treasurer to in the event of their disagreeing by an inrequire banks to furnish him with a state. dependent and competent surveyor, to be ment of bank notes in issue, in circulation. to 20th March of this year, in order that notes issued afterwards may be identified should be final. Mr Leach, in moving the second reading of the Arms Consolidation Ordinance, explained that it was the outcome of the deliberations of a Committee which sat to consider a report by the Captain Suzerintendent of Police on the Tungkun and Sa Yap faction fights in March of 1894, when one man was killed and several wounded. The foregoing proposal relates solely

to the terms on which Colonial Military Lands in the hands of the War Department should be surrendered to a Colonial Government. It does not affect the obligation of a Colony to provide other lands required within its borders for military purposes, whether under some special agreement, or under the general obligation that rests on every Colony to contribute, according to its means, towards its own defence. Whatever the cirenmetances of a Colony may be it is abviously within its means to maintain its Colonial Military Lands intact, in money or

> INTERFERENCE OF ENGLAND. There are persons who hazard an opinion that it is not alone to protect the life and property of the British residents in the East. but also with the object of attempting interference, if necessary by force of arms against Japan, that England has sent a service of men-of-war to the East. "KEATING'S LOZENGES. KEATING'S LOZENGES. "A SIMPLE FACT ABOUT" KEATING'S COUGH LOZENGES. Ask throughout

the world, in any country that can be named, you will find them largely sold.

There is absolutely no remedy that is so speedy in giving relief, so certain to cure, and yet the most delicate can take them. A TERRIBLE COUGH."

UTTERLY UNRIVALLED. UTTERLY UNRIVALLED. The above speaks for itself. From strict inquiry it appears that the benefit from using Keating's Cough appears that the benefit from using Reading Cough Luxenges is understated. The operation was a specially severe one and was performed by the specialist, Dr. H. T. Butlin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these the operation the only means of relief is the use of these Loxenges. So successful are they that one affords immediate benefit, although from the nature of the case the throat irritation is intense.

WEIGHT IN GOLD. WEIGHT IN GOLD. Under date Sept. 8th, 1891. Mr. Hill again writes:
"I should long since have been dead, but for your Lozenges—they are worth their weight in gold. I will gladly see and tell anyone what a splendid cough re-Keating's Cough Lozenges, the unrivalled remedy for COUGHS, HOARSENESS, and THEOAT TROUBLES are sold in Bottles by all Chemists. medy they are.
